6. Count Physical Empty Pans

Do this at beginning of day or end of day.

- 1 Tap **Store**.
- 2 Tap **Empty pan count**.
- 3 Enter how many empty pans you can see in the store.
- 4 Tap **Submit count**.

If the number does not match the app, the app will flag it for review.

A screenshot of a mobile application interface for counting physical empty pans. The screen has a light beige background with rounded corners. At the top, the title 'Physical empty pan count' is written in a dark red, italicized serif font. Below the title, the text 'App-calculated empty pans: 2' is displayed in a smaller, dark red font. Underneath this, the label 'COUNT TIME' is shown in a bold, dark red, sans-serif font. A dropdown menu is positioned below the label, showing 'End of day' in a dark red font with a small downward arrow on the right. The next section is labeled 'PHYSICAL EMPTY PANS' in a bold, dark red, sans-serif font. Below this label is a numeric input field with a light beige background and a dark red border, containing the number '1'. To the right of the input field is a small dark red square button with white up and down arrows. Below the input field, the label 'NOTES' is shown in a bold, dark red, sans-serif font. Underneath the label is a text input field with a light beige background and a dark red border, containing the word 'Optional'. At the bottom of the screen is a large, dark red rectangular button with the text 'Submit count' in a white, sans-serif font.
